**GEO. DEWALD
& CO.'S**

We are rather in doubt as to whether it is either to our own interests or those of our customers to announce just at present another special sale, as our store has been so crowded by purchasers for the already advertised bargains in Underwear, Flannels, Blankets, Cloaks, Wool Dress Goods, etc., that many have gone away dissatisfied at having to wait so long to be served, or at not being served at all. However, we will do our best to remedy this, and as the goods are already in stock we have concluded to give notice of a

ATTEMPTED MURDER

A Cincinnati Man Tries to Kill His Wife and Boy.

CINCINNATI, O., Nov. 19.—Late last night, Peter Engelhart, who had been living apart from his wife for some time, entered her apartment and going to her room, where their eight year old son was lying, fired two shots at the child. Mrs. Engelhart flew to the child's rescue and her husband fired at her, the ball striking in the left side of her face and producing a dangerous wound. The child was unhurt. Engelhart escaped.

LATER.

Engelhart made his way to the upper end of the city to-day where he jumped into the river apparently with the purpose of drowning. He was recovered after passing under three barges and was taken to the hospital. He admits he tried to kill his wife and says he fired the last shot at his own head.

John M. Pollack, a representative of the Vacuum oil company, of Rochester, N. Y., has been missing since Monday and his books are under examination.

Two Men Killed by an Explosion.

SYRACUSE, Nov. 19.—Charles A. Brown, of this city, and P. L. Hurgett, of Newark, New Jersey, were killed by the explosion here this morning of the filter in a pan in the experimental salt works. George Belton was badly hurt and otherwise injured. The building was badly wrecked.

Foreign News.

PESTH, Nov. 19.—It is stated here that Austria, England and Germany have proposed that before a successor to Prince Alexander to the Bulgarian throne be elected the union between Bulgaria and Eastern Roumelia shall be adjusted on a permanent basis. It is said Russia has objected to the proposal.

LONDON, Nov. 19.—The government denies that they are making, as reported, extensive military preparations, including arrangements for the use of artillery in anticipation of trouble with the socialists, on the occasion of their demonstration next Sunday.

A Strike Among Cotton Operatives Threatened.

FALL RIVER, Mass., Nov. 19.—A strike, in which 20,000 cotton operatives will take part, will be inaugurated here within a month, unless the manufacturers grant an increase in the wages of their employees.

KILLED HIS WIFE.

A Brutal Fellow Shoots His Wife at a Ball.

PITTSBURG, Nov. 19.—About day light this morning, just after the close of a ball, Charles Jones shot and instantly killed his wife. Jones was intoxicated and tried to pick a quarrel with several persons who had attended the ball. His wife interfered for the purpose of getting him home, when he drew his revolver and shot her through the head.

Indiana Boys' Industrial School. LANCASTER, O., Nov. 19.—Last evening the board of trustees of the Boys' Industrial school, in session at the institution, elected as superintendent ex-Superintendent Charles Douglas, the predecessor of J. O. Hite, present incumbent. There were five competitors for the position, all strongly indorsed. Mr. Douglas has, since his retirement from the institution, been connected with the state humane society. His reappointment takes effect January 1.

VERY QUIET.

The Hoosier Statesmen Watching and Waiting for Something to Turn up.

INDIANAPOLIS, Nov. 19.—The statesmen of both parties are keeping very quiet, but are evidently in a state of masterly inactivity. The federal grand jury has summoned altogether about thirty witnesses in connection with the investigation of the alleged election frauds. Only about six have thus far been examined. The local investigation will be finished to-day or Saturday, and next week will be given to points in the state. It is said that four witnesses who could throw much light on certain irregularities cannot be found by the United States marshal at home, and have left for parts unknown. Another who knows much reports that he has been offered money by a republican to go out of town, but he refused to go, and says he will tell all he knows. The opinion

seems to prevail that the investigation will not reveal anything startling.

OFFICIAL RETURNS.

INDIANAPOLIS, Nov. 19.—The official returns of the recent election show the following result in the state ticket: Robertson, republican, for lieutenant governor, 231,922; Nelson, democrat, 228,603; Gale, prohibitionist, 9,185; Pope, national, 4,646; Robertson's plurality, 3,319.

Mr. La Follette, republican candidate for superintendent of public instruction, leads his ticket with 234,269 votes.

Two Men Fined.

INDIANAPOLIS, Nov. 19.—In the federal court yesterday, I. P. Kemp and M. F. Caldwell, of Kempton, Ind., were tried for using the mails to very skillfully advertise an article used for criminal purposes. They were fined \$100 and costs. The judge waived imprisonment.

Big Coal Shipments.

PITTSBURG, Nov. 19.—Nearly 6,000,000 bushels of coal have been shipped by river to Cincinnati and Louisville within the last twenty-four hours. Probably 2,000,000 bushels more will be started this afternoon or to-morrow.

WASHINGTON.

The House Appropriations Committee Preparing Bills.

WASHINGTON, Nov. 19.—The clerk of the house appropriations committee and his assistant are preparing for a meeting of the committee Monday next. The response of members indicate there will be a quorum present. Complete estimates for the sundry civil bill were received in proof to-day and will be in shape for the committee to act upon Monday. The estimates for the fortification bill and the pension bill have been received also, and legislative estimates are expected by Monday. The sundry civil bill will be taken up by the sub-committee immediately upon their assembling and will probably be ready to report to the house within a day or two after congress convenes.

LAST RITES.

Preparations for the Funeral of Ex-President Arthur Monday Morning.

NEW YORK, Nov. 19.—The funeral of the late Ex-President Arthur will take place from the church of the Heavenly Rest, on Fifth avenue, near Forty-fifth street, at 9 o'clock Monday morning and the remains will be buried in the family plot in the Albany Rural cemetery.

Mr. Arthur was not a member of any church, but his wife formerly attended that church. One of the distinctive features of the ex-president's character was his strong loyalty to her memory.

Rev. Dr. D. Parker Morgan will officiate, assisted by Rev. W. A. Leonard, rector of St. John's church, in Washington. The funeral services will be very simple. The remains will be conveyed on a special train to Albany. Major General Scofield called at the house and tendered the services of his military force for the funeral. A guard of honor was accepted. The number of men has not been decided.

Undertaker Davidson was summoned to take charge of the remains. The remains now lie in a parlor on the second floor of the unostentatious residence where the owner passed away.

Telegrams conveying the intelligence of the death of the ex-president have been sent to his brother, Maj. William Arthur, of the United States Texas army, stationed at San Antonio, Texas; to General Brewster, at Philadelphia; to ex-Secretary Chandler, who called on Mr. Arthur Monday, and to other members of the cabinet of the late administration, and also to personal friends of the deceased. It is expected that the members of ex-President Arthur's cabinet will be asked to act as pall-bearers at the funeral.

THE BURIAL SPOT. ALBANY, N. Y., Nov. 19.—The burial spot of ex-President Arthur will be in the family lot within the rural cemetery that lies on the west bank of the Hudson river, between Albany and Troy, next to a small elm tree. The sarcophagus over the grave of Mrs. Arthur is the most impressive object on the spot. It is about six and one-half feet in length, and about two and a half feet in height and width. On the top which is slightly raised at the middle, is a cross of white marble reaching the full length of the sarcophagus.

The ex-president will be buried on the right of this grave. The sarcophagus

over the grave of Mrs. Arthur rests on a blue stone slab, which extends beyond the sarcophagus block. Facing the sarcophagus are two plain marble tombstones, about eighteen inches apart. They mark the last resting place of Rev. William Arthur, D. D., and his wife, Malvina, ex-President Arthur's father and mother.

WASHINGTON, Nov. 19.—The president will attend the funeral of ex-President Arthur, and will be accompanied by the secretary of the state, secretary of the navy, secretary of the interior and the postmaster general.

The president will leave Washington Sunday night for New York to attend the funeral of ex-President Arthur Monday morning. He will be accompanied by Secretaries Bayard, Endicott, Whitney and Postmaster General Vilas. The party will return to Washington Monday afternoon.

The United States senatorial committee will leave here on Sunday at 4 p. m. On account of the death of ex-President Arthur, President Cleveland did not hold his customary reception this afternoon.

The postmaster general issued an order permitting postoffices to be closed between 10 o'clock a. m. and 1 o'clock p. m. Monday, in memory of the late President Arthur, with a display of the usual emblems of mourning.

A QUIET FUNERAL.

NEW YORK, Nov. 19.—The funeral ceremonies over General Arthur's remains will be entirely without display. The remains will not lie in state, but after the services will be taken directly to the Rural cemetery at Albany.

TOKENS OF ESTEEM.

WASHINGTON, Nov. 19.—The personal regard in which ex-President Arthur was held in Washington was shown by expressions of sincere sorrow on all hands at the news of his sudden death. The receipt of the first bulletin was followed almost immediately by the half masting of flags on the wings of the capitol, on the White house and department buildings, on the court house and district buildings and on hotels, schools and private buildings.

Soon after the receipt of the press bulletins, Colonel Lamont received from James C. Reed, ex-President Arthur's private secretary, the following telegram:

NEW YORK, Nov. 18. Ex-President Arthur died at 5 o'clock this morning.

The president was at once informed and addressed the following to ex-President Arthur's sister, Mrs. McElroy:

EXECUTIVE MANSION, Nov. 18. Mrs. John McElroy, 123 Lexington avenue, New York City.

Accept my heartfelt sympathy in your personal grief and the expression of my sorrow for one who was my kind and considerate friend. The people of the country will sincerely mourn the loss of a citizen who served them well in their highest trust and won their affection by an exhibition of the best traits of true American character.

GROVER CLEVELAND. The president then prepared an official announcement of the sad news, and an order for half masting of flags and draping of public buildings for thirty days, and directing that they be closed on the day of the funeral. He also issued an order to Colonel Wilson to commence draping the White house immediately.

DYING!

Mrs. Laura Suttentfield, Our Oldest Resident, Slowly Approaching the End.

INDIANAPOLIS, Ind., Nov. 19.—Casper Bremmerman was burned to death here last night in a building. When found by the department he was lying near the door with the bar used in fastening the door partly raised from its fastenings. He made an effort to escape before being overpowered by the heat and flame. An examination of the body showed that the flesh had been burned to a blister.

Vessels Missing.

CHICAGO, Nov. 19.—The schooner William Jones left this port Tuesday morning for Grand Haven, and ought to have reached that place the same evening. Nothing has been heard of her up to 11 o'clock this morning. The schooners Hunter, Savage and David Mack, which cleared from Chicago, Wednesday have not arrived at Grand Haven yet.

A New Bed of Coal Discovered.

MT. VERNON, Ill., Nov. 19.—A vein of coal five and one-half feet thick was struck here this morning. The coal is reported to be of the finest quality, very much like anthracite.

Henry Hanna is at Indianapolis.

The late Prof. Carl Ide was buried this afternoon with solemn ceremony in the presence of a warm circle of friends.

CHICAGO.

CHICAGO, Nov. 19.—Wheat, closed dull and somewhat weaker, at 73 1/2 Corn, easier, at 36. Oats, easy, 26.

THE SENTINEL is pleased to commend so faithful a public servant, and will like to always note his success.

When sentenced was passed on Asa J. Burrus at Chicago yesterday, he appeared faint, and to a close observer seemed to be about to fall. He recovered himself however, and unsteadily walked to his seat, while a murmur of astonishment was heard in the room at the lightness of his sentence. The prisoner's wife leaned her head on his shoulder for a few minutes and wept convulsively, while his mother also shed tears. The prisoner spoke words of comfort to each, and a few minutes later was led away to his cell in the county jail, while several ladies gathered about his wife and mother and offered consolation. After becoming more tranquil the latter left the court room and proceeded to the jail, where they were conducted to Burrus' cell.

dress delivered by Hon. I. D. G. Nel-
son, of Fort Wayne, before the old set-
tlers of Carroll county, at their thirty-
first annual reunion, held at Delphi,
August 14, 1886. Mr. Nelson is always
interesting, and when talking to the pi-

ways pleasant and profitable to read af-

character, and deals with his friends

overcoats down to \$1.25, at Friend's En-
terprise, 26 Calhoun street. Hundreds
of our people have within the past ten
days availed themselves of our immense
assortment and low prices to make their

week added over 300 overcoats and 200
suits to fill in sizes. So we can present
the largest, best made and lowest priced
line of suits and overcoats ever shown

At the corner stone laying of the new
home for soldiers' orphans at Knights-
town, Ind., last Wednesday, Hon. B. F.
Ibach, representative-elect from Allen
and Huntington counties, delivered an
address. He insisted that in the next
legislature he would labor for legisla-
tion providing somewhat for the care of
orphans after they left the home. He
believed, also, technical instruction
should be given, so as to fit the boys for
trades. In 1880, as trustee, he had pro-
tested against the appropriation of \$10,
000 to the feeble-minded children that
rightly belonged to the orphans, and he
still believed the two institutions should
be separated. He said: "I extend my
hand to the president of the board of
trustees, (Judge Smith), in pledge that,
so far as I am concerned, the present
management shall continue. Politics
have nothing to do with this matter, and
should not have been introduced here
this afternoon."

The trial of Asa J. Burrus, for the at-

guilty and sentenced to six years in the
penitentiary. The defense attempted to
show that Burrus was insane and not re-
sponsible. The fellow was once a resi-
dent of Fort Wayne and shot a China-

INDIAN MONEY.

Mrs. F. A. Warner Will Give Specimens
to Relic Hunters.

This morning THE SENTINEL received
the subjoined letter and in it was a
specimen of the Indian money the writ-
ter speaks of. It is a shell like thing,
and armed with this primitive "bead-
le" THE SENTINEL youth will soon give
a meadow fete and other mementos to
the belles on Prince Godfrey's estate.
The letter reads:

"Every one now seems to have the
specimen craze. Not long ago I re-
ceived from Washington Territory a
nice lot of real Indian money. The lady
who sent it to me says that years ago
her husband was an Indian trader, and
while among the Alaska Indians he col-
lected this queer currency, and now,
having no use for it, sent it to me. The
Indian money, or "wampum," as the
Indians call it, is a rare sea shell, an
inch or more in length, twice the size
around of a large knitting needle, taper-
ing, slightly bent, and hollow. The val-
ue of each piece to them was four cents.
I have quite a bit more of this "wam-
pum" than I need for my own collection,
and the editor willing, I will say, any
one who would like a pocket-piece of In-
dian money may have it by sending a
stamp for postage."

effecting a radical and permanent cure
of catarrh in even its most severe forms.

We are rather in doubt as to whether it is either to our own interests or those of our customers to announce just at present another special sale, as our store has been so crowded by purchasers for the already advertised bargains in Underwear, Flannels, Blankets, Cloaks, Wool Dress Goods, etc., that many have gone away dissatisfied at having to wait so long to be served, or at not being served at all. ATTEMPTED MURDER

A Cincinnati Man Tries to Kill His Wife and Boy.

CINCINNATI, O., Nov. 19.—Late last night, Peter Engelhart, who had been living apart from his wife for some time, entered her apartment and going to her room, where their eight year old son was lying, fired two shots at the child. Mrs. Engelhart flew to the child's room and her husband fired at her, the ball striking in the left side of her face and producing a dangerous wound. The child was unhurt. Engelhart escaped.

Engelhart made his way to the upper end of the city today where he jumped into the river apparently with the purpose of drowning. He was recovered after passing under three barges and was taken to the hospital. He admits he tried to kill his wife and says he fired the last shot at his own head.

John M. Pollack, a representative of the Vacuum Oil company, of Rochester, N. Y., has been missing since Monday and his books are under examination.

Two Men Killed by an Explosion.

SIKAGO, Nov. 19.—Charles A. Brown, of this city, and P. L. Hargott, of Newark, New Jersey, were killed by the explosion here this morning of the filter in a gun in the experimental salt works. George Bolton was badly hurt and otherwise injured. The building was badly wrecked.

Foreign News.

PESTH, Nov. 19.—It is stated here that Austria, England and Germany have proposed that before a successor to Prince Alexander to the Bulgarian throne be elected the union between Bulgaria and Eastern Roumelia shall be adjusted on a permanent basis. It is said Russia has objected to the proposal.

LONDON, Nov. 19.—The government denies that they are making, as reported, extensive military preparations, including arrangements for the use of artillery in anticipation of trouble with the socialists, on the occasion of their demonstration next Sunday.

A Strike Among Cotton Operatives Threatened.

FALL RIVER, Mass., Nov. 19.—A strike, in which 20,000 cotton operatives will take part, will be inaugurated here within a month, unless the manufacturers grant an increase in the wages of their employees.

KILLED HIS WIFE.

A Brutal Fellow Shoots His Wife at a Ball.

PITTSBURGH, Nov. 19.—About day light this morning, just after the close of a ball, Charles Jones shot and instantly killed his wife. Jones was intoxicated and tried to pick a quarrel with several persons who had attended the ball. His wife interfered for the purpose of getting him home, when he drew his revolver and shot her through the head.

Indiana Boys' Industrial School.

LANCASTER, O., Nov. 19.—Last evening the board of trustees of the Boys' Industrial school, in session at the institution, elected as superintendent ex-Superintendent Charles Douglas, the predecessor of J. C. Hite, present incumbent. There were five competitors for the position, all strongly endorsed. Mr. Douglas has, since his retirement from the institution, been connected with the state banking society. His reappointment takes effect January 1.

VERY QUIET.

The Hoosier Statesmen Watching and Waiting for Something to Turn up.

INDIANAPOLIS, Nov. 19.—The statesmen of both parties are keeping very quiet, but are evidently in a state of masterly inactivity. The federal grand jury has summoned altogether about thirty witnesses in connection with the investigation of the alleged election frauds. Only about six have thus far been examined. The local investigation will be finished by day or Saturday, and next week will be given to points in the state. It is said that four witnesses who could throw much light on certain irregularities cannot be found by the United States marshal at home, and have left for parts unknown. Another who knows much reports that he has been offered money by a republican to go out of town, but he refused to go, and says he will tell all he knows. The opinion

seems to prevail that the investigation will not reveal anything startling.

OFFICIAL RETURNS.

INDIANAPOLIS, Nov. 19.—The official returns of the recent election show the following result in the state ticket: Robertson, republican, for lieutenant governor, 231,922; Nelson, democrat, 228,603; Gale, prohibitionist, 9,185; Pope, national, 4,640; Robertson's plurality, 3,319.

Mr. La Follette, republican candidate for superintendent of public instruction, leads his ticket with 234,263 votes.

Two Men Fined.

INDIANAPOLIS, Nov. 19.—In the federal court yesterday, I. P. Kemp and M. F. Caldwell, of Kampton, Ind., were tried for using the mails to very skillfully advertise an article used for criminal purposes. They were fined \$100 and costs. The judge waived imprisonment.

Big Coal Shipments.

PITTSBURGH, Nov. 19.—Nearly 6,000,000 bushels of coal have been shipped by river to Cincinnati and Louisville within the last twenty-four hours. Probably 2,000,000 bushels more will be started this afternoon or to-morrow.

WASHINGTON.

The House Appropriations Committee Preparing Bills.

WASHINGTON, Nov. 19.—The clerk of the House appropriations committee and his assistant are preparing for a meeting of the committee Monday next. The response of members indicates there will be a quorum present. Complete estimates for the sundry civil bill were received in proof to-day and will be in shape for the committee to act upon Monday. The estimates for the fortification bill and the pension bill have been received also, and legislative estimates are expected by Monday. The sundry civil bill will be taken up by the sub-committee immediately upon their assembling and will probably be ready to report to the house within a day or two after congress convenes.

LAST RITES.

Preparations for the Funeral of Ex-President Arthur Monday Morning.

NEW YORK, Nov. 19.—The funeral of the late Ex-President Arthur will take place from the church of the Heavenly Rest, on Fifth avenue, near Forty-fifth street, at 9 o'clock Monday morning and the remains will be buried in the family plot in the Albany Rural cemetery.

Mr. Arthur was not a member of any church, but his wife formerly attended that church. One of the distinctive features of the ex-president's character was his strong loyalty to her memory.

Rev. Dr. D. Parker Morgan will officiate, assisted by Rev. W. A. Leonard, rector of St. John's church, in Washington. The funeral services will be very simple. The remains will be conveyed on a special train to Albany. Major General Scofield called at the home and tendered the services of his military force for the funeral. A guard of honor was accepted. The number of men has not been decided.

Undertaker Davidson was summoned to take charge of the remains. The remains now lie in a parlor on the second floor of the unostentatious residence where the owner passed away.

Telegrams conveying the intelligence of the death of the ex-president have been sent to his brother, Maj. William Arthur, of the United States regular army, stationed at San Antonio, Texas; to General Brewster, at Philadelphia; to ex-Secretary Chandler, who called on Mr. Arthur Monday, and to other members of the cabinet of the late administration, and also to personal friends of the deceased. It is expected that the members of ex-President Arthur's cabinet will be asked to act as pall-bearers at the funeral.

THE BURIAL SPOT.

ALBANY, N. Y., Nov. 19.—The burial spot of ex-President Arthur will be in the family lot within the rural cemetery that lies on the west bank of the Hudson river, between Albany and Troy, next to a small elm tree. The sarcophagus over the grave of Mrs. Arthur is the most impressive object on the spot. It is about six and one-half feet in length, and about two and a half feet in height and width. On the top which is slightly raised at the middle, is a cross of white marble reaching the full length of the sarcophagus.

The ex-president will be buried on the right of this grave. The sarcophagus

over the grave of Mrs. Arthur rests on a blue stone slab, which extends beyond the sarcophagus block. Facing the sarcophagus are two plain marble tombstones, about eighteen inches apart. They mark the last resting place of Rev. William Arthur, D. D., and his wife, Malvina, Ex-President Arthur's father and mother.

WASHINGTON, Nov. 19.—The president will attend the funeral of ex-President Arthur, and will be accompanied by the secretary of the state, secretary of the navy, secretary of the interior and the postmaster general.

The president will leave Washington Sunday night for New York to attend the funeral of ex-President Arthur Monday morning. He will be accompanied by Secretaries Bayard, Endicott, Whitney and Postmaster General Vilas. The party will return to Washington Monday afternoon.

The United States senatorial committee will leave here on Sunday at 4 p. m.

On account of the death of ex-President Arthur, President Cleveland did not hold his customary reception this afternoon.

The postmaster general issued an order permitting postoffices to be closed between 10 o'clock a. m. and 1 o'clock p. m. Monday, in memory of the late President Arthur, with a display of the usual emblems of mourning.

A QUIET FUNERAL.

NEW YORK, Nov. 19.—The funeral ceremonies over General Arthur's remains will be entirely without display. The remains will not lie in state, but after the services will be taken directly to the Rural cemetery at Albany.

TOKENS OF SYMPATHY.

WASHINGTON, Nov. 19.—The personal regard in which ex-President Arthur was held in Washington was shown by expressions of sincere sorrow on all hands at the news of his sudden death. The receipt of the first bulletin was followed almost immediately by the half masting of flags on the wings of the capitol, on the White house and department buildings, on the court house and district buildings and on hotels, schools and private buildings.

Soon after the receipt of the press bulletin, Colonel Leonard received from James O. Reed, ex-President Arthur's private secretary, the following telegram:

NEW YORK, Nov. 19.—Ex-President Arthur died at 5 o'clock this morning.

The president was at once informed and addressed the following to ex-President Arthur's sister, Mrs. McElroy:

BREWERMAN, Mass., Nov. 18. Mrs. John McElroy, 13 Lexington avenue, New York City:

Accept my heartfelt sympathy in your personal grief and the expression of my personal grief and the expression of my sorrow for one who was my kind and considerate friend. The people of the country will sincerely mourn the loss of a citizen who served them well in their highest trust and won their affection by an exhibition of the best traits of true American character.

CHAS. CLAYTON.

The president then prepared an official announcement of the sad news, and an order for half masting of flags and draping of public buildings for thirty days, and directing that they be closed on the day of the funeral. He also issued an order to Colonel Wilson to commence draping the White house immediately.

BURNED TO DEATH.

INDIANAPOLIS, Ind., Nov. 19.—Casper Bremmerman was burned to death here last night in a building. When found by the department he was lying near the door with the bar used in fastening the door partly raised from its fastenings. He made an effort to escape before being overpowered by the heat and flame. An examination of the body showed that the flesh had been burned to a blister.

Vessels Missing.

CHICAGO, Nov. 19.—The schooner William Jones left this port Tuesday morning for Grand Haven, and ought to have reached that place the same evening. Nothing has been heard of her up to 11 o'clock this morning. The schooner Hunter, Savage and David Mack, which cleared from Chicago, Wednesday have not arrived at Grand Haven yet.

A New Bed of Coal Discovered.

MR. VINCENY, Ill., Nov. 19.—A vein of coal five and one-half feet thick was struck here this morning. The coal is reported to be of the finest quality, very much like anthracite.

LOCAL NEWS.

Deputy Sheriff Platt J. Wise has returned home from Indianapolis. Theresa Pops says Francis Bottet for \$250. Spencer and Johnson are attorneys.

Judge O'Rourke has dismissed the case of Andrew Magnus vs. Tom Magnus and Frank Grub vs. Regina Rehrer.

Nicholas Hopps charges four boys with breaking into his barn and stealing rabbits. Esquire Ryan has issued a warrant for the boys.

In the case of Jacob Hilliges vs. Judge Honch, the latter asks for a change of venue from Judge O'Rourke. Mr. S. L. Morris was named as special judge to hear the case.

Albert L. Hagley was granted a divorce from Mary M. Hagley, and Bettie Hobbs was divorced from Elias Hobbs, and the custody of three children and \$500 alimony. Judge Hench issued the decrees.

The Omaha division of the Wabash is to be sold on Dec. 28 under a decree of foreclosure. The purchasing agreement has been signed by \$2,250,000 out of \$2,350,000 of the first mortgage bondholders and the road will be organized on an independent basis. The road was surrendered by the Wabash on the ground that it did not pay, but the bondholders say it was not fairly treated in the pool.

Mr. O. B. Wiley, to-day, filed his bond in the sum of \$1,000, and began his second term as county surveyor. This young man has made a record for honesty, fairness and square dealing with the people of this county that will commend him in all years to come. He is thoroughly reliable, entirely competent and worthy of every trust reposed in him. He has been reasonable in his charges and economical in his conduct of an office so important to the taxpayers. This young man will have the control of all the survey and ditch business and under his jurisdiction it will be safest and cheapest. The HENRICKS is pleased to commend so faithful a public servant, and will like to always note his successes.

When sentenced was passed on Asa J. Barrus at Chicago yesterday, he appeared faint, and to a close observer seemed to be about to fall. He recovered himself however, and unsteadily walked to his seat, while a murmur of astonishment was heard in the room at the lightness of his sentence. The prisoner's wife leaned her head on his shoulder for a few minutes and wept convulsively, while his mother also shed tears. The prisoner spoke words of comfort to each, and a few minutes later was led away to his cell in the county jail, while several ladies gathered about his wife and mother and offered consolation. After becoming more tranquil the latter left the court room and proceeded to the jail, where they were conducted to Barrus' cell.

HOW ITS DONE.

The Law Governing the Election of a United States Senator in Indiana.

INDIANAPOLIS, Nov. 19.—The constitution of the United States provides that the senate shall be composed of two senators from each state, chosen by the legislature thereof, and also that "the times, places and manner of holding elections for senators and representatives shall be prescribed in each state by the legislature thereof; but the congress may at any time by law make or alter such regulations, except as to the places of choosing senators."

Indiana never prescribed by statute any mode of procedure for the election of United States senators. Each legislature which elected one, formulated its own mode until the year 1860, when congress, acting under the authority given it by the constitution as above, passed a law prescribing a uniform mode for all the states. By our state constitution our legislature meets biennially, commencing on the Thursday next after the first Monday in January in the odd numbered years.

The act of congress of 1860 provides that the legislature shall, on the second Tuesday after the meeting and organization thereof, proceed to elect a senator in congress in the following manner: "Each house shall openly, by a viva voce vote of each member present, name one person for senator in congress from such state, and the name of the person so voted for, who receives a majority of the whole number of votes cast in each house shall be entered on the journal of that house by the clerk or secretary thereof; or, if either house fails to give such majority to any person on that day, the fact shall be entered on the journal. At 12 o'clock noon, of the day following that on which proceedings are required to take place as aforesaid, the members of the two houses shall convene in joint assembly, and the journals of each house shall then be read, and if the same person has received a majority of all the votes in each house he shall be declared duly elected senator. But if the same person has not received a majority of votes in each house, or if either house has failed to take proceedings as required by this section, the joint assembly shall then proceed to choose, by a viva-voce vote of each member present, a person for senator, and the person who receives a majority of all the votes of the joint assembly, a majority of the members elected to both houses being present and voting, shall be declared duly elected. If no person receives such majority on the first day, the joint assembly shall meet at 12 o'clock noon of each succeeding day during the session of the legislature, and shall take at least one vote until a senator is elected."

The Indiana House.

CINCINNATI, Nov. 19.—At the annual banquet of the Indiana club, at Chicago, given last evening at the Palmer house, the questions of tariff reform, the national finances, and the proper methods of dealing with the public lands were elucidated by Speaker Carlisle, Senator Hendricks and Commissioner Sparks. Letters of regret were read by many prominent democrats, the list being headed by President Cleveland, Gov. Fitz Hugh Lee, Abraham S. Hewitt and Fitz John Porter.

A Gas Question.

FINDLAY, O., Nov. 19.—The great gas question remains in statu quo. At the council meeting the gas company offered its center plant for \$25,000, and the city offered \$70,000, leaving a great difference between them. It is said the gas company is considering a far more liberal offer from the Standard oil company.

Henry George to Tour the Country.

New York, Nov. 19.—Arrangements are being made, it is said, for a stamping tour of the country by Henry George and some German speaking adherents of his, for the purpose of personally addressing workmen and forming branch organizations of the national labor party or progressive democracy.

Washington News.

WASHINGTON, Nov. 19.—President Cleveland has reinstated M. E. Devlin as attorney for the western district of Missouri, the deposed official having shown that he did not neglect his duty to make campaign speeches.

A Bad Brother.

RUSKIN, Ill., Nov. 19.—George Seal, brother of John Seal, and brother of John Seal, his brother-in-law, who interlored with the general.

A New Examiner.

WASHINGTON, Nov. 19.—Capt. J. A. Felt, of Geopert, Ind., a special examiner of the pension office, located at Chicago, has been made superintendent of examiners for Illinois, Indiana, Michigan, Wisconsin, Minnesota and Dakota and will be located in this city. He will have supervision of seventy-five examiners.

LOCAL CHAT.

Incidents and Events of Interest to People of Fort Wayne.

THE TELEPHONE EXCHANGE in Goshen will be discontinued after the first of January.

Mrs. T. A. Hendricks is a delegate to the convention of the Humane society, now in session at Cincinnati.

The new attorney general will go into office on the 22nd. Mr. McHenry will retain Mr. Will Hord as deputy until the way of the place is cleared.

The recent auditor of Tippecanoe county, gave Dacus, (dem.), an increase of fifteen votes, making his majority sixty-two.

Superintendent Holcomb, in his forthcoming annual report, will state that the tuition revenue of the state is \$3,425,219.85; the special revenue, \$1,543,654.35, making the total resources of the schools, \$4,968,874.20.

Major J. O. Dewey, United States paymaster, and W. H. Harrison are engaged in settling bounties due colored soldiers which have been allowed by the second auditor of the treasury. There are about twenty-three of these claims here, and they range from \$50 to \$300 in amount.

Mr. Will T. Noble, clerk elect of the supreme court, has moved his family from Richmond to Indianapolis, and will assume control of the office of clerk of the supreme court, next Monday. Mr. Shepley will not return to Logansport, but proposes to engage in business at Indianapolis.

The board appointed to recount the votes for auditor of Hancock county received the supposed result and gives Mannix, (dem.), a majority of nine. The commission will hear the case next week, and it will then go through the circuit court to the supreme court. A majority of the board were republicans.

Oscar L. Ford, at one time engaged in the saloon business in Wabash, in January last invested about \$5,000 in a Kansas City real estate pool, of which his brother was at the head. Last week the deal was closed at an immense profit and Mr. Ford received \$20,000 as his share of the proceeds of the sale. Most of this he has invested safely at Wabash, and only the original sum is being used in speculation in Kansas City.

Dr. Thomas, of Logansport, removed one eye from a Mr. English, living east of the city, in which was found a shell of real bone as large as the nail on the index finger, besides other pieces of bone nearly the size and shape of a grain of wheat inside the eyeball. Twenty-five years ago, Mr. English, while riding at the advancing rebels, was struck in the eye by an exploded cap, which totally destroyed his eyesight at the time, and he has suffered great pain from it ever since.

Certificates of election have been issued in all the counties of the state to members elect of the legislature, and a count of the same shows that seventy-six democrats hold such certificates against seventy-four republicans. This fact is admitted by republicans and democrats alike. Now if there are to be any revolutionary methods resorted to in the legislature who will inaugurate them? Not the democrats, because they already have a safe majority. The republicans will both parties to begin such work if it is begun, because they and only they will be benefited. The democrats will do nothing more than protect their rights and in such a fight they will be seconded by the democracy of the whole state.

THE CENTURY.

For 1886-87.

The Century is an illustrated monthly magazine, having a regular circulation of about two hundred thousand copies, often reaching and sometimes exceeding two hundred and twenty-five thousand. Chief among its many attractions for the coming year is a serial which has been in active preparation for sixteen years. It is a history of our own country in its most critical time as set forth in

THE LIFE OF LINCOLN.

BY HIS CONFIDENTIAL SECRETARIES, JOHN G. NICOLAY AND CO. JOHN MAY.

This great work, begun with the sanction of President Lincoln, and continued under the authority of his son, the Hon. Robert T. Lincoln, is the only full and authoritative record of the life of Abraham Lincoln. Its authors were friends of Lincoln, and his presidency they were most intimately associated with him as private secretaries throughout his term of office, and to them was transferred upon Lincoln's death all his private papers. Here will be told the inside history of the civil war and of President Lincoln's administration.

Important facts of which have hitherto remained unrecorded, that they might first appear in this authentic history. By reason of the publication of this work.

THE WAR SERIES, which has been followed with unflagging interest by a great audience, will occupy less space during the coming year. Gettysburg will be described by Gen. Hunt (Chief of the Union Artillery), Gen. Longstreet, Gen. E. M. Law, and others; Chickamauga by Gen. D. H. Hill; Sherman's March to the Sea, by General Howard and Sherman. General G. A. Gilmore, Wm. P. Smith, John Gibbon, Ulysses S. Grant and John S. Mosby will describe actual battles and incidents. Stories of naval engagements, prison life, etc., etc., will appear.

NOVELS AND STORIES.

"The Hundredth Man," a novel by Frank R. Stockton, author of "The Lady, or the Tiger?" etc., begins in November. Two novelettes by Geo. W. Child, stories by Mary Halleck Foote, "Uncle Remus," Julian Hawthorne, Edward Eggleston, and other prominent American authors will be printed during the year.

SPECIAL FEATURES (with illustrations) include a series of articles on affairs in Russia and Siberia, by George Kennan, author of "Tent Life in Siberia," who has just returned from a most successful visit to Siberian prisons; papers on the Food Question, with references to its bearing on the Labor Problem; English Cathedral; Dr. Eggleston's Religious Life in the American Colonies; Men and Women of Queen Anne's Reign, by Mrs. Oliphant; Christianity, Spirituality, Astrology, etc., by the Rev. J. M. Buckley, D. D., editor of the Christian Advocate; Astrological Papers; Articles throwing light on Bible History, etc.

PRICES. A FREE COPY.
